

# WOMEN'S, GENDER, AND SEXUALITY STUDIES UNDERGRADUATE PROGRAM

Women's, Gender, & Sexuality Studies (WGSS) is an interdisciplinary program that examines the multiple roles gender plays in everyday life, the impacts of gendered practices on social, cultural, and political behavior and thought, and the intersections of gender, race, sexuality, ability, age, and class.

The undergraduate program offers several WGSS courses as well as many electives through various departments. You can tailor your own undergraduate program to fit your interests while taking courses dealing with gender in the arts, humanities, social sciences, politics, the law, and the sciences.
